SCHOOL AT NEW SALEM BURNS UP

Fire Starting From Overheated Furnace Destroys New Building at Loss of \$27,000.

COMPLETED IN FALL OF 1912

Regular Janitor Ill, Inexperienced Boy is Believed to Have Put in Too Much Fuel.

INSURANCE TOTALS \$17,500

Presumed That Fire Started Thursday Because Smoke Was Noticed in Building All Day.

Fire believed to have been caused by an over-heated furnace destroyed the beautiful school building at New Salem early this morning. The building was comparatively new, having been completed in 1912 at a cost of \$27,000 and the loss will be a severe blow to New Salem and Noble township. The total insurance on the building amounted to \$17,500.

The blaze was discovered at two o'clock this morning and at that time the entire building was on fire, there being no chance of saving the structure. There is little doubt but that the fire started from the furnace. The regular janitor, John Spacy, has been ill for the past week and his work has been attended to by Gordon Hines, colored.

The supposition in New Salem is that the building was on fire yesterday and that the flames smoldered until late last night when they finally broke out. When actually discovered it was too late to make any fight to save the building. It was stated today that the building was filled with smoke most of yesterday and that the steam pipes were very hot all day yesterday.

Hines, who had not had very much experience firing the furnace, believed the smoke was caused by some paper he had burned. It is now believed that the coal in the basement of the building was on fire.

The people of New Salem and Noble township, were helpless when the fire had gained such headway because they were totally without facilities for fighting it and could do nothing but stand by and see it burn. The blaze had such a start when discovered that it was impossible to save any of the school books and other supplies of the children, all of which were a complete loss.

It was commented on today that it was very fortunate that the fire did not break out Thursday while the children were in the building because when the blaze did start, it spread so rapidly that it is doubtful whether many of the pupils could have escaped.

Noble township is in the same position today as three and a half

Congratulations To--

M. V. Spivey, secretary of the Rushville Co-operative Telephone company, is fifty-four years old today. Mr. Spivey is a native of Orange, but has lived here for many years. In politics he is a Republican and at one time was city treasurer, proving a most efficient official. Mr. Spivey was in the grocery business for many years. Yesterday was the birthday of Charles H. Brown, assistant postmaster. Mr. Brown was forty years old. He was one of the first conductors on the I. & C. and used to take pride in operating the Dispatch.

STOCK PRICES ADVANCE

New York Exchange Shows Effect of Mexican Situation.

(By United Press.)

New York, Jan. 14.—Reiteration of the administration's determination not to intervene in Mexico caused a general advance today in stocks which were driven down yesterday in the belief that the American soldiers might be sent to Mexican territory.

SMALL BLAZE IS QUICKLY PUT OUT

Faulty Electric Wiring and Escaping Gas Cause Fire at First Presbyterian Church.

WAS DISCOVERED BY JANITOR

Faulty electric wiring combined with escaping gas caused a fire loss of about \$100 this morning at the First Presbyterian church. The fire was confined in the tower of the church. A short circuit in the chandelier caused the escaping gas to ignite near the ceiling and the flames burned through the plastering before discovered.

Floyd French, janitor of the church, was working in the building at the time and discovered the flames. French stated that he kept smelling smoke and on investigating found the fire up next to the ceiling. The fire department was called and the flames were easily extinguished with chemicals. The chandeliers at the church are arranged for both gas and electricity, and it was considered fortunate that the fire occurred when it did as the location of the blaze was in a dangerous place, threatening the entire building.

SCHOOL HACK IS UPSET IN ROAD

Vehicle Carrying Children to Arlington Turns Over But Occupants Escape Injury.

HORSES SCARE ON BIG HILL

Enroute to the Arlington school Thursday with about twenty-five children, a school hack driven by Morris Bagley upset on the hill just east of Arlington when the team of horses frightened, and the children had a very narrow escape from being killed or badly hurt.

None of the children was hurt very seriously. John Posey, little son of Mr. and Mrs. James Posey, was injured worse than any of them. He sustained a sprained ankle and some severe bruises.

That the children should escape was considered to be bordering on the miraculous. There was a stove in the hack and it was thought to be fortunate that it did not set the vehicle on fire.

JOHN R. HILL DIES.

The funeral services of John R. Hill, age eighty-one years, who died at his home west of Carthage Wednesday night following an illness of two weeks with the grippe, will be held at the residence at ten o'clock Saturday morning, conducted by the Rev. Zora White. Burial will take place in Riverside cemetery.

HOLD INTEREST FOR THE FARMER

Corn Show and Purdue Farmers Short Course Will be Held in Rushville January 22 to 26.

VALUABLE PRIZES OFFERED

Short Course Will Give Condensed Form What Farmers Are Enjoying at Purdue This Week.

Beginning a week from tomorrow, there will be something in Rushville of interest to farmers and their wives, for four days, not counting Sunday, when the corn show and Purdue farmers' short course will be held.

The corn show will be first on the program and will take place on Saturday, January 22. Prizes amounting to thirty-five dollars in cash and approximately twenty-eight dollars in merchandise will be offered in prizes.

The two first prizes for the best ten ears of white corn and the best ten ears of yellow corn will be fifteen dollars each and will be given by the Rushville National Bank, the Rush County National Bank and the Peoples National Bank. Second prizes in these two classes will be ten dollars in merchandise in each class, one prize to be given by J. B. Morris, the hardware dealer, and the other by Oneal Brothers. The third prizes will be four dollars in merchandise. First prizes of two and a half dollars will be given for the best single ear of white corn and the best single ear of yellow corn.

The short course, which opens on Monday, January 24, and continues until Wednesday afternoon, January 26, offers in condensed form just what farmers of Indiana, and their wives, are this week enjoying at Purdue university. Purdue will send competent experts here to lecture on live farm and home economic topics and there will also be a car load of live stock sent to Rushville for the purpose of demonstrations to illustrate better the lectures.

Farmers in Rushville and throughout the county who are familiar with the county short courses which are held during the winter months by Purdue know that Rush county was fortunate in being able to get one of the courses. There are always more requests for dates each year than there is time to supply them. Rush county anticipated a short course last winter, but they had to be called off entirely because of the epidemic of foot and mouth disease.

Premium lists for the corn show programs for the farmers short course will be issued in a few days and will be distributed throughout the county.

FORMER LOCAL MAN NAMED.

James Geraghty, formerly of this city, has been appointed corporation counsel for the city of Spokane, Washington, according to word received by local relatives. Mr. Geraghty has been a resident of Spokane for about twenty years. He is the son of Patrick Geraghty, formerly of this city, but now of Spokane.

Forrest Jones has an attack of la grippe.

Mrs. W. H. Sharer of Carthage, formerly of this city, is critically ill with a complication of diseases and is not expected to live.

The record for buying stock was broken yesterday afternoon when U. G. Beaver bought, between the hours of one and four-thirty, eleven carloads of hogs.

JURY'S VERDICT BREAKS THE WILL

Jurors Hold Bertha Toyne's of This County and Stella Platt are Entitled to Share.

ESTATE IS VALUED AT \$16,000

Granddaughters of Mrs. Nancy Miller Alleged She Was of Unsound Mind When Will Was Made.

Bertha Toyne of this county and Stella Platt of Decatur county, grandchildren of the late Nancy Miller, were successful in their case to break the will of the late Mrs. Miller, the jury returning a verdict for the plaintiffs in the Shelby circuit court last night after being out four hours.

If the case is not appealed the plaintiffs will receive one-half of the estate valued at \$16,000. The plaintiffs alleged that Mrs. Miller was of unsound mind and was influenced in making the will which cut them off from sharing in the estate. The entire estate was left to Mrs. Ida Clingman, except a house and lot in Homer, which was given to Mrs. Mary E. Edmondson, a daughter of Mrs. Clingman.

During the trial evidence was introduced regarding the killing of Mrs. Miller's husband, William Stewart Miller, by their son-in-law, Rolla Clingman, husband of Mrs. Ida Clingman, one of the defendants in the action to break the will. Most of the evidence regarding conversations with Mrs. Miller introduced at the murder trial, was permitted to go in as evidence at the trial just closed.

The case was one of the hardest ever fought in Shelbyville where it was sent on a change of venue from Rush county. The trial started on January 4. Local attorneys for the defendants would not state today just what action will be made, but it was expected that a motion for a new trial will be made and it is highly probable that the case will go to the higher court.

The closing arguments yesterday attracted a large crowd. Three hours on a side were given for the arguments and the court room was crowded all during the time allotted the attorneys. The case has been followed closely by a large number of Rush county people, especially in Walker township where Mrs. Miller lived and in which township the property involved is located.

The opening argument for the plaintiffs was made by J. Oscar Hall of Shelbyville, who was followed by John A. Tittsworth of this city for the defendant. Judge K. M. Hord then took up the argument for the defense and the case was closed by John E. Osborn of Greensburg, speaking for the plaintiffs.

The breaking of the will, if successfully carried out, will mean the appointment of a new executor to take the place of Lon H. Mull, the present executor, and one of the defendants in the case.

Mr. and Mrs. Richard Dishinger of Madison have moved their household goods to this city and will take up their residence on the John K. Gowdy farm six miles west of the city.

The Rev. S. G. Huntington, pastor of the First Baptist church here, will begin a protracted meeting next Monday at the Mt. Pleasant Baptist church in Johnson county for the Oren A. Cook, who conducted a revival here for the Rev. Mr. Huntington early in the winter. On the first of February, the local minister will start a revival at the Little Blue river Baptist church.

Fred Hilligoss of Home visited in the city today.

REPORTED MURDER FALSE

All Americans at Madera Chihuahua Safe, Dispatches Say.

(By United Press.)

Washington, Jan. 14.—All Americans at Madera Chihuahua are safe according to dispatches today to the state department forwarded from El Paso. The report that twelve had been murdered there was without foundation, said the dispatches.

QUIET AFTER LAST NIGHT'S RIOTING

Rage Over Massacre of Americans in Mexico Expected to Break Out Again at El Paso.

MANY MEXICANS IN HOSPITAL

(By United Press.)

El Paso, Jan. 14.—With United States troops enforcing martial law in the Mexican district of El Paso, the city was quiet early today following last night's rioting which filled hospitals with wounded Mexicans.

Rage over the massacre of Americans in Mexico was expected to break out again. Mexicans were being deported by wholesale or thrown into jail to escape mobs of angry cowboys, cattlemen and miners.

RUSH COUNTY GETS THE SAME OLD DATE

Fair Will be Held Last Full Week in August, According to Schedule Arranged Thursday.

STAKE RACES TO BE FEATURED

The date of the Rush county fair this year will be August 22-25, according to announcement made from North Vernon, where the annual meeting of the Southeastern Indiana fair circuit was held yesterday. Everett Piper represented the local fair board at the meeting. Practically none of the dates was changed and Rush county again gets the last full week in August.

It was decided again to have the \$500 stake races on the circuit. These races proved the feature of the race card at every fair on the circuit last year. The entries for these races will open on April 1. On this date the fee will be \$10 with \$1 deposit. C. E. Kemper of Osgood was re-elected president and Robert Porter of Edinburg was re-elected secretary.

The dates for the circuit are as follows: Lawrenceburg, July 11-15; Osgood, July 18-21; North Vernon, July 25-28; Edinburg, Aug. 2-4; Columbus, Aug. 8-11; Franklin, Aug. 15-18; Rushville, Aug. 22-25; Shelbyville, Aug. 29-Sept. 2.

BULLETIN.

(By United Press.)

London, Jan. 14.—The British foreign office announced this afternoon that documents taken from Capt. Von Papen, German attaches, contained evidence that he paid Warner Korn \$1,800 to Low up the International Bridge at Vanceboro, Maine.

—Dave Compton and son, Charles, of New Salem were visitors here yesterday.

—R. F. Scudder returned last evening from a short business trip to Leroy, Ohio.

WILSON NOT TO CHANGE COURSE

Announcement Regarding Mexican Policy Came in Face of More Criticism in Congress.

AND ENGLISH INTIMATION

Senator Works Introduces Resolution Proposing Congress Take Charge of Affairs.

CARRANZA MAKES PROMISE

Declares he Will Mete Out Condemnation to the Guilty Bandits When Caught.

(By United Press.)

Washington, Jan. 14.—The administration will "stand pat" on its present course regarding Mexico, it was officially announced at the white house following a meeting of the cabinet today.

This announcement came in the face of further criticism from congress and a direct intimation from England of her interests in recent Mexican outrages.

At the same time direct word came from General Carranza declaring in effect that he can and will handle the situation.

Senator Works introduced a resolution proposing that congress take the matter out of the hands of the president and intervene and the president is determined to give Carranza a chance to prove himself.

These things happened:

The British embassy arranged for a conference with the state department regarding Mexican outrages.

Carranza wired a message declaring his purpose to mete out "condemnation" punishment to the bandits who murdered Americans in Chihuahua.

The president discussed the situation with Senator Stone and the latter warmly defended the administration in a speech on the floor of the senate.

The white house let it be known no United States troops will be sent across the border for the present at least.

The cabinet in regular session considered possible courses of action.

Carranza's message to the Mexican ambassador follows:

"The murderous attack on the passenger train near Chihuahua was made by the only remaining band of outlaws in that region. This band is being actively pursued in order to assure its capture, whereupon condemnation punishment which their crime deserves will be meted out to every guilty participant."

"The Constitutional government troops have been ordered to establish strong patrols from end to end of the railroad line to forestall against similar outrages."

"You will make this declaration to"

The Jury

Every reader of this newspaper is a member of a daily jury. Each day the claims of rival manufacturers and merchants are set forth in the advertising.

And the great jury of readers passes on these and gives its verdict by purchasing or leaving alone.

By that verdict the various advertisers must stand or fall.

There is no appeal.

The advertising only succeeds as it is made helpful and appealing to your needs.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back
hurts or Bladder bothers—Meat
forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Fresh supply Mrs. Austin's Buckwheat Flour at your grocers.

PUBLIC SALE DATES

I will cry the following sales on the dates mentioned below. If you are contemplating a sale, will be pleased to figure with you. Write or phone me for dates.

REAL ESTATE SALES HEAVY

County Recorder's Report Shows the

Total Considerations Mentioned
in 1915 Were \$1,224,769.

582 DEEDS ARE RECORDER

Mortgages Totalling 235 and to Value
of \$866,363 Are Filed During
the Year.

The annual statistical report of County Recorder Peck has been completed and sent to the state bureau. The report covers the last year of the term of Charles Brooks, who retired as county recorder on January 1. The year was an active one in the sale of real estate, a total consideration of \$1,224,769 being shown.

The total deeds filed and recorded amounted to 582. The warranty and quit claim deeds numbered 576 with a total value of \$1,221,678. Five sheriff's sales were recorded during the year to the value of \$3,187. One deed from the county auditor was received the value of the property being placed at \$4. All other miscellaneous papers filed numbered 101 and a total of 134 one-dollar considerations were recorded.

Mortgages recorded also played an important part of the year's work at the recorder's office. A total of 235 mortgages were filed during the year on farms and lands not located in cities or towns. The value of these mortgages were placed at \$866,363. Of these mortgages 245 were satisfied to the value of \$731,498.

Mortgages on lots numbered 142 with a valuation of \$145,103. One hundred and fifty-eight of this class of mortgages were satisfied, the valuation being \$153,930. Eighteen school fund mortgages were filed, the value being \$21,650. Eight of this class were satisfied at the value of \$10,300.

Chattel mortgages numbered 140, the value being placed at \$85,859. Eighty-eight of the chattel mortgages were satisfied with a consider-

ation of \$44,844. The total number of mortgages of all classes numbered 627 with a value of \$1,133,395 and the satisfaction totaled 610 with the valuation of \$968,611.

During the year a total of 92 liens were filed at the recorder's office, the total amount asked being \$14,420. One hundred and fifteen liens were satisfied at a value of \$28,039.

County News

Arlington.

Mrs. Fred H. Finlaw has returned from Cincinnati, O., where she has been visiting relatives and friends.

Glen Downey, the son of Mr. and Mrs. Frank Downey was home sick with an attack of the grippe, has returned to Indianapolis where he has a position in a bank.

Mrs. George Willis is very sick with pneumonia.

Theodore Miller, who has been very sick, is improving slowly.

The funeral of Wesley Alsmann, held last Sunday, was largely attended.

Mrs. Lewis Gowdy was called to the bedside of her father, who is sick with the grippe, at his home in Letts, Ind.

The directors of the Arlington Telephone company had a called meeting Tuesday evening for the purpose of employing a lineman for this year.

Several from here attended the sale of Claude Adams Tuesday.

Pum Creek.

Owing to so much sickness, the attendance at Sunday school last Sunday numbered only 74. Miss Grace Carson sang a solo, Mrs. Ross Logan playing the accompaniment. Watler Carson, the superintendent, was able to be out last Sunday after a long sickness.

Mr. and Mrs. Will Whitton and son Oren were guests of Mr. and Mrs. Simon Border last Sunday.

Mrs. Will McMillin, who underwent an operation at Sexton's sanatorium in Rushville recently, is reported to be doing very nicely.

Mr and Mrs. James H. Hays entertained Mr. and Mrs. George H. Meyers at dinner Sunday.

George Ertle, who has been sick with typhoid fever more than six weeks, is improving slowly.

A large congregation witnessed the baptism of about twenty-five persons from the Fairview Christian church at the Plum Creek church last Sunday afternoon. The Rev. Mr. Powers of Fairview conducted the services.

Mrs. John Nipp is reported to be sick.

The Ladies Aid society of the Plum Creek church met Thursday afternoon at the home of Mrs. Linnea Hays for the purpose of electing new officers.

Mrs. George H. Meyer returned home Wednesday from Lafayette where she went to attend the funeral of her brother, Will.

Mrs. George H. Kemmer has returned from a several days' visit with her sons, Aiva, Claude and Eugene of Indianapolis and Lafayette. While the latter has been suffering from typhoid fever. Mrs. Kemmer left him improving as fast as could be expected.

Milton Gordon is suffering with an attack of la grippe.

Mrs. J. M. Eskew is reported to be ill with the grippe.

Mr. and Mrs. George H. Meyer were entertained at dinner on Tuesday by George H. Kemmer and family.

Coon's Corner.

Miss Wilna Morgan, formerly of Rushville but now of Martinsville, is

preaching in this community for a few weeks.

Mrs. William E. Tarplee, who is in the Methodist hospital in Indianapolis, is improving slowly.

Mr. and Mrs. C. E. Kincaid were in Rushville on business last Saturday.

Miss Louise Manley and Bernie Farthing attended institute at Milroy last Saturday.

A large crowd attended the funeral of George W. Hite last Monday.

Several persons in this vicinity are suffering with la grippe.

Frank Cupp made a business trip to Clarksburg Tuesday.

C. E. Kincaid transacted business in Greensburg Tuesday.

When Croup Comes Treat Externally

The old method of dosing delicate little stomachs with nauseous drugs is wrong and harmful. Try the external treatment — Vick's "Vap-O-Rub" Salve. Just rub a little over the throat and chest. The vapors, released by the body heat, loosen the choking phlegm and ease the difficult breathing. A bedtime application insures sound sleep. 25c, 50c, or \$1.00.

VICK'S "VAPOR" SALVE

—Miss Frances Neutzenhelzer went to Shelbyville this afternoon to be the guest over the week end of Miss Frances Stafford.

—Mrs. S. G. Huntington was in Greensburg today attending the board meeting of the Ladies Missionary society of the Flatrock Baptist association.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

PRINCESS

THEATRE

Extra Special Tonight

EARL WILLIAMS, ANETA STEWART, JULIA SWAYNE GORDON and MARY MAURICE in
"THE SINS OF THE MOTHERS"

In Five Acts. The New York Sun's \$1,000 prize story. The story of "The Sins of the Mothers" is of gambling. The heroine is a beautiful girl. She loves cards. She loves races. "THE SINS OF THE MOTHERS"

"The Sins of the Mothers" is a story of gambling. The heroine is a beautiful girl. She loves cards — She loves roulette — She loves races — She loves them with a passion that is a mania. First to the bridge tables of fashionable society. Then to the races. You see the great race track scene and the inside of the gambling house. All these things appear before you on the screen.

Admission 5 and 10 Cents

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Will We Get Action.

Quite the most important action bearing on the tumultuous situation in Mexico the resolution offered Thursday afternoon by Senator Lewis of Illinois, an administration leader, which would empower President Wilson to settle the internal troubles of the border republic by ordering the army into Mexico. The fact that a senator in sympathy with President Wilson's policy introduced the resolution caused much speculation as to whether the president favored such a move. Senator Lewis did not indicate that he acted at the request of the chief executive.

As hoarse as guerrilla warfare in Mexico would be, conditions have reached a stage where the United States will have to do something. The ruthless murder of American when they were guaranteed safe conduct by the authorized and recognized Carranza government makes it appear that no government in Mexico can guarantee the safety of foreigners. Carranza apparently has the largest following and he has been recognized by the United States. His agents made representations that the eighteen victims of the Villista

bandits would be perfectly safe.

Since the responsibility for Americans entering Mexico has become an issue United States Consul Edwards, at Juarez, declared that absolute guarantee had been assured the eighteen victims.

General Gavira, Carranza commander in Juarez, personally assured him, he said, it would be safe for the mining party to return to Mexico and resume operations, saying that the district through which they would pass would be completely dominated by Carranzistas.

American mining men, refugees from Mexico, enraged at the part Edwards played in obtaining the entrance in Mexico, attacked forcibly ejected the consul from the lobby of the Sheldon hotel at El Paso Thursday. Edwards ran up the street and escaped.

At first refugees clashed with the consul, loudly denouncing the Washington administration and blaming it for the massacres. Edwards tried to argue with the men, resulting in several of them throwing the consul bodily into the street.

But promises of prompt action to punish the murderers, made yesterday by the Washington representative of the Carranzistas, will be of little avail after the lives have been taken. Punishment is worthless. Protection, such as that which was promised, was what was needed. Mexican promises apparently are worthless.

United States citizens along the border have about reached the stage where they will take the law in their own hands, as indicated by their anger with the United States consul and the fact that several arrests have been made in El Paso of United States citizens following the alleged discovery of a plot fathomed by them to lynch General Salazar, suspected of ordering Tom Fountain, a popular miner, before a firing squad at Parrell in 1912. The twenty Americans who called at Salazar's hotel were believed to be bent on other lynchings at avenge the massacre of last Tuesday.

Despite the resolution introduced by the administration sympathizer, it was announced Thursday that President Wilson stands squarely behind Secretary Lansing in his statement that Americans who entered Mexico in the face of warnings from the state department did so at their own risk.

While General Carranza has been urged to endeavor to round up the bandits responsible for the murder of the sixteen Americans and punish them, it was made plain at the white house that the president has not deviated from his policy in regard to Mexico. It was declared that Lansing's statement concerning the blame attached to persons who have gone into Mexico despite warnings has the endorsement of the president. The men in the party killed Monday have also been specifically warned, it was stated.

Languages in Switzerland.

There is no Swiss language as such. By the federal constitution of 1848 and 1874 French, German and Italian are formally recognized as national languages. Debates in the federal parliament may be carried on in any of these languages. All laws and federal acts appear in three versions. There is a historical dialect called the Romansch, or Latin, which is still used by some of the people, but this dialect is not recognized politically.

A Matter of Weight.

Mrs. Jonsing—Dis hyah new minister am a fine preachah, but he am de leanest an' skinniest young man I ebba see. Mrs. Black—Yes, an' he done told mah husband, what weighs two hundred and fo'ty, to bewar 'les' he should be weighed in de balance an' found wantin'.—Puck.

Tough Lodgings.

Some of the cheap lodging houses in London are called "penny sit-ups." They provide mere benches with wooden backs. Each lodger places his arm on the back of the bench before him and then, resting his head on his arms, tries to sleep.

Trick of the Trade.

"Strong men" who break steel chains by the expansion of the biceps usually see that the chain contains two links made of a peculiar kind of glass which breaks upon very slight pressure.

The Installments.

Patience—They say she got all her furniture on the installment plan. Patience—She did. She has had four husbands, and she got a little furniture with each one.

The man who cannot blush and who has no feeling of fear has reached the acme of impudence.—Menander.

SIZES OF SARDINES.

The Big Fellows Are Eight and Even Ten Inches Long.

Sardines are found chiefly in the Atlantic ocean, forming great schools or banks extending from the coast of Ireland to the Canary Islands. They are also found in considerable quantities in the Mediterranean, probably coming from the Atlantic, attracted by the higher temperature of the water. However, sardine fishing is of less importance on the Mediterranean shores of Spain than on the bay of Biscay and the gulf of Cadiz, where the principal factories for canning sardines are located.

The supposed difference between sardines found in various parts of the world has been much disputed, but repeated investigation has demonstrated that no generic difference exists, as the sardine is not a sedentary fish and inhabits the ocean at large, migrating from coast to coast in search of food and mild waters. This explains its appearance and disappearance, both dependent upon the movement of warm currents, and its particular abundance on the coast of Galicia. Near Finisterre, in close proximity to the gulf stream, the sardine is usually first seen.

The length of the sardine varies from four and three-quarters to eight inches and the weight from 0.84048 to 2.39836 ounces. Sometimes a few are found measuring as much as eight and three-quarters inches long, but this is extremely rare, and none exceed ten inches. The sardine is known by many names, according to locality and development. In Galicia those of nine centimeters (3.54 inches) in length, weighing less than 26.4555 pounds a thousand, are called "parrocha" and when six or six and one-quarter inches long "mediano" or "medianillo." They are really known as sardines only when they reach the size of from seven and one-quarter to seven and three-quarters inches in length, weighing from 132.2773 to 154.3236 pounds a thousand. There is also a class of small sardines found in Cantabrian as well as Galician waters, called "anchova." This variety does not exceed two and one-quarter to three inches and ordinarily weighs 0.17637 or 0.21164 ounce.—Consular Reports.

happy days!

"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced many a man to the joy of pipe-smoking and a regular unending procession of happy days.

MARCUS J. WRIGHT
Famous
Ex-Confederate General

"Owing to its mild, sweet flavor, Tuxedo is superior to all other tobaccos. I enjoy smoking it immensely and recommend it to all smokers."

Marcus Wright

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully.

Just try Tuxedo for a week and you'll smoke it ever after.

Conscience a Safe Guide?" There will be special music at both services. Prayer Thursday evening at 7:30 p. m.

POVERTY IN EGYPT.

It Often Drives Parents to Sell Their Children as Slaves.

In the whole land of Egypt there are now only two cities, Alexandria and Cairo. Yet once Egypt was the grandest country of the world, having as many as 200 cities, but these have been all long swept away or covered with the sand of the desert.

In these two cities, Alexandria and Cairo, all the principal people of Egypt reside, while in the country districts up the Nile there are no towns and hardly any villages, but only scattered settlements of peasants, who are called fellahs or fellahin.

These fellahs, though of the same Arab race and religion as the people of Cairo, are very different in most other ways. Instead of the turban, the flowing robe and the gay slippers, which the men of the city wear, we see only a half clad figure with matted hair and skin blackened by the sun; instead of the veiled lady in a robe of silk, here is a poor woman with naked feet in a dress woven of grass. One thing, however, both use in common—a bracelet.

The fellahs of upper Egypt are very numerous, but they are all very poor. Their houses are mud huts, used only to sleep in, as they are in the open air most of the day. Their food consists chiefly of vegetables, which they eat uncooked, such as maize, melons, gourds, beans, lentils and dates; those that have a cow can get milk, and all can get fish. Meat they seldom taste, and their bread is only a half baked paste of bruised maize or millet. Rice is too dear for them. One luxury, however, all the men—and women, too—manage to get whatever else they go without—that is, the ever present long wooden tobacco pipe, smoking.

The poverty of many fellahs is so great that a family of children is often a great burden to the parents. Many cases yearly occur of parents selling their children as slaves to escape from the expense of their support.

A parent will sometimes make a long journey to Cairo to get rid of his young children. Some time ago a woman brought to a rich lady of that city an infant, which she said she found at the door of a mosque. The lady said she would take the child and adopt it and handed the woman a small sum as a reward for her trouble in bringing the child. The woman refused the offer, blushed and withdrew. She was the child's own mother.—Hartford Post.

FUNERAL IS HELD TODAY

Mrs. Alonzo Rhodes Dies at Her Home North of Manila.

The funeral services of Mrs. Alonzo Rhodes, who died at her home north of Manila of paralysis Wednesday, were held at the Little Blue River church, with the Rev. Elmer Mater officiating, at eleven o'clock this morning. She was forty-five years old. Surviving are the husband and two children, Miss Edna, who lived at home, and Earl of Shelby county and two brothers and two sisters. She was a faithful member of the Little Blue River Baptist church for thirty years.

DISHONEST BIG SOURCE OF LOSS

Anthony Schrichte of This City Dealers Address at Annual Convention of Monument Dealers.

DEALERS LOSE IN THE END

Indianapolis, Ind., Jan. 14.—Business dishonesty was decried as the greatest source of revenue loss in the monument business, Thursday, by Anthony Schrichte, of Rushville, while addressing the ninth annual convention of the Indiana Retail Monument Dealers' Association at the Claypool hotel. Although asserting that conditions in the monument business have improved since the state association was established to conduct an educational campaign among its members, Mr. Schrichte said many persons distrust the monument dealer on account of dishonest business methods that have been adopted by some dealers in the past.

The fact that the public at large knows nothing about the cost of the material used in making monuments should cause dealers to exercise more care in protecting the public from fraud, the speaker said.

NO TROOPS TO BE SENT INTO MEXICO

This Plainly Indicated Today After Conference Between Chairman Stone and Wilson.

WHAT OF LEWIS RESOLUTION?

(By United Press.)

Washington, Jan. 14.—No armed troops will be sent across the Mexican border at this time, it was plainly indicated today following a half hour conference between President Wilson and Senator Stone, chairman of the senate foreign relations committee.

The senator called to get the president's advice on action his committee should take on the various resolutions concerning Mexican affairs which have been introduced. He would give no indication of what President Wilson desired done with Senator Lewis' resolution to give the president the same authority to use the army in Mexico as he has with the navy in Nicaragua and Haiti.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowels muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics. Dr. Edwards believes in gentleness, persistency and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have. Dr. Edwards' Olive Tablets are a vegetable compound, mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

PANAMA RAIN IS GOETHALS' BIGFOE

Fourteen Earthquakes In Last Year Did Little Damage.

SLIDES COME IN WET SEASON

Report Says the Zone Would Be an Ideal Place to Live Were It Not For the Rainy Times—Death Rate Has Been Materially Lowered During the Last Year.

The wet season, not earthquakes, is the enemy of the Panama canal. This appears from the annual report of George W. Goethals, governor of the canal zone, covering the last fiscal year.

He notes that while fourteen seismic disturbances rattled the dishes along the canal during the twelvemonth his report describes, none did any damage. Four were of comparatively local origin. Three were violent enough to be felt generally over the zone.

It was during the wet season between April and October that the slides developed. As an illustration, operations in the vicinity of the Cucaracha slide had progressed by Aug. 15, 1914, to a point which warranted opening the canal to traffic.

Two months later a slide came which completely closed the channel. The entire east bank slid into the canal in a strip 2,100 feet long and reaching back 1,000 feet from the bank. The lower strata squeezed into the cut, so that at some points the forty-five feet of depth previous to the slide was shoaled to nine inches.

New Channel In Six Days.

In six days a new channel had been cut capacious enough to pass shipping. The movement continued, however, after the beginning of the dry season, so that it became necessary to close the canal again from Oct. 31 to Nov. 14 and from March 4 to March 10.

The Gaillard cut, after remaining fixed for a year, began a demonstration last June. By the 30th of the month 5,000,000 cubic yards had slipped relentlessly into the canal, nullifying the labor of years.

At times the channel shoaled so rapidly that it was necessary to drag after the passage of each ship. In some instances dredging was required before the next vessel could pass.

Miscellaneous dredging was kept up throughout the year. A total of 1,245,915 cubic yards of earth and 93,686 cubic yards of rock were taken out at the Pacific terminals.

Conditions Otherwise Ideal.

Were it not for the slides the zone would appear, from the governor's report, to offer ideal conditions of residence. Living is cheap and surroundings are healthful.

A compilation of expenditures shows that the average amount spent for breakfast at Cristobal was 21.24 cents, for luncheon 29.71 cents and for dinner 31.42 cents. At the Ancon hotel breakfast cost on an average 19.5 cents, luncheon 33.2 cents and dinner 30.7 cents.

On the health side it is noted that the death rate was cut from 7.92 for 1914 to 5.72 for 1915. The death rate from disease was cut from 5.17 to 3.61.

Between Aug. 15, 1914, and June 30, 1915, 530 vessels, representing a net Panama canal tonnage of 1,884,728 and cargo tonnage of 2,125,735, were passed through from Atlantic to Pacific, and 558 vessels, representing a Panama canal tonnage of 1,958,307 and a cargo tonnage of 2,844,057, from Pacific to Atlantic, making a total of 1,088 vessels, with a net canal tonnage of 3,843,035 and a cargo tonnage of 4,969,792.

On finances the report says: "The current expenses charged to operation and maintenance of the canal during the year amounted to \$4,112,550.48, while \$160,608.52 had been charged during the previous year, a total of \$4,280,159. Tolls collected for vessels passing through the canal during the year amounted to \$4,343,383.69; tolls for the prior year amounted to \$4,618.68, a total of \$4,358,002.37 to June 30, 1915.

Excess of Tolls, \$214,833.21.

"The excess of tolls collected over the current charges for the year was \$214,833.21, and for the entire period to June 30, 1915, the excess was \$68,843.37. It is roughly estimated that total refunds may aggregate \$400,000, which will show an excess of operating expenses over collections.

"Congress has appropriated for the canal \$394,399,149.02 to June 30, 1915. Of this \$365,999,116.72 has been appropriated for the construction of the canal and its adjuncts."

KAISER LAUDS VON EMMICH.

In Letter to Widow Tells What a Great Soldier He Was.

Emperor William has sent a message of condolence to the widow of General von Emmich, the conqueror of Liege, who died the other day. In his message the emperor said:

"I have lost an officer whom I highly esteemed as a paragon of fidelity and devotion both as soldier and man. When history describes the most glorious achievements of this war—Liege, St. Quentin, Galicia and Poland—his name will occupy one of the first places."

IT'S THREE YEARS OLD

But Mrs. Reynolds Says It's Just as Good Today as When It Was First Made.

Three years ago Mrs. Reynolds testified to complete relief from kidney ills.

She now says that there has not been the slightest return of the trouble.

Rushville sufferers will take a deal of comfort in Mrs. Reynolds' statement.

Read what she says:

Mrs. B. W. Reynolds 629 West Fifth street, Rushville says: "Doan's Kidney Pills are an excellent medicine and do all they are advertised to do. When we use Doan's Kidney Pills in our family, they proved very beneficial."

The above statement was given July 27, 1912, and on Aug. 26, 1915, Mrs. Reynolds said: "Doan's Kidney Pills were of great help to me when I used them and the cure they gave me has proven permanent. I gladly confirm my former endorsement."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reynolds has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. NATIONAL BANK OF COMMERCE, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Babies

Ever hear two women "fussin' over a baby, cutest, sweetest little thing that ever happened is their verdict. Most men like babies equally as well but, well they don't make as much fuss. Tell you what we will do during the next two months. We are going to give each new baby whose mother will come to our store, an A No. 1 Baby Hot Water Bottle, free of charge. Of course, we want to see the baby, but don't be sore if we don't fuss very much, we are just men. And don't forget, we want to make the first present to that baby.

WOMAN WEAK, DIZZY, NERVOUS

Health Restored by Lydia E. Pinkham's Vegetable Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. L. N. BURNHAM, 35 Globe Ave., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for Women's Ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

CHIROPRACTIC

The ONLY science ever discovered for eradication of disease by going directly to the cause. If your case is chronic and have tried everything else without satisfactory results, why not investigate

CHIROPRACTIC
the science of common sense applied to the human machine—not medicine, not surgery, not osteopathy.

FOR SALE—House and lot 517 East Tenth. Fruit, garden and chicken yard. Can be bought at a bargain with small payment down. Odice Jones. 2341f

STOP THE SNEEZE,
PREVENT DISEASE

Epidemic of Grip Spreads All Over the Country.

12,200 DEATHS ANNUALLY

Best Preventive Is Fresh Air and Outdoor Exercise—Kissing and Ill Ventilated Homes and Offices Spread the Malady—First Recorded Case in the Year 1173.

- *****
BAN ON KISSES AMONG GUARDS AGAINST GRIP.

- Don't kiss infected persons or any one if you yourself are infected.
 - Avoid the careless cougher, the careless sneezer and the careless spitter.
 - Don't work or live in stuffy, overheated, ill ventilated offices or homes.
 - Sleep outdoors if possible; take outdoor exercise, but avoid chilling.
 - Don't wear heavy flannels. The same weight the year round is best.
 - Avoid the common towel and drinking cup and all articles used by infected persons.
 - Isolate grip patients.
 - Don't rely on alcohol for a cure. Get a doctor.
- *****

With epidemics of grip—the old fashioned "Influenza" our grandmothers knew—reported in various parts of the United States and others threatened, the above "red flag" warnings were given by Dr. W. C. Rucker, assistant surgeon general of the United States public health service.

"Grip is not to be sneezed at," Dr. Rucker said. "Latest statistics show it causes the death of 12,200 persons annually in the United States. Right now is the middle of the grip season. It begins in November, with the advent of cold weather, closed windows and doors and hot furnaces, and attains its maximum in February and early March.

"We must keep up our physical defenses, our preparedness, against this germ disease. The best preparedness is fresh air, outdoor sleeping and plenty of outdoor exercise. Sneezing, coughing and expectoration are the principal modes of transmission, from secretions of the mouth and nose.

"Children's games spread the grip. Kissing between infected and noninfected persons should be avoided. Guard against being sneezed or coughed at or upon. Isolation of infected persons, if possible, and avoidance of towels or other articles they may touch to their hands, mouths or noses should be observed.

Poor Ventilation Chief Cause.
"Overheated, poorly ventilated houses and offices and lack of exercise are the chief causes of the disease."

Dr. Rucker said medical records show grip is an old human foe. The first epidemic was recorded in 1173, and the first in the western hemisphere in 1627, in Massachusetts, spreading as far south as Chile. One freak and unsolved feature of grip epidemics is that they travel east to west in a community.

The bureau of vital statistics in Philadelphia issued 650 burial permits during the three days, the majority of the deaths being due directly or indirectly to a gripe. This is more than double the ordinary death rate.

It is estimated that nearly 15,000 persons in Philadelphia alone are suffering with the disease. Attendance at all the public schools has been greatly reduced, and in several sections of the state schools and colleges have been forced to close.

Girls of Chicago have formed a club, and all have sworn to uphold this pledge:

"We, the undersigned members of the Anti-kissing club of Chicago, hereby promise to refrain from osculation until the present epidemic of Influenza is declared at an end."

"We do not want it understood we are suffering a hardship," explained Louise Brennan, president, who is coy and demure. "We are merely campaigning for health."

What of the Husband?

"If a prospective husband doesn't think enough of his fiancée to forego kissing," ventured another member, "he should keep right on going. I think Dr. Robertson is entirely correct in advising against kissing, and we are willing to abide by the rules and do what we can to end the epidemic—of colds, not kissing."

The young women would not explain what will be the penalty if a member breaks her pledge.

"The punishment will not be suspension," said Miss Graef, "for that would mean too great a liberty for the member suspended. On the other hand, if a member is caught kissing she will not be permitted to withdraw from the club, but will be visited with a perfectly dreadful punishment."

Sues For Payment of Odd Bet.

Benjamin Heyer, a manufacturer of Newark, N. J., has begun suit to collect \$100, the amount of a bet with James De Jalme as to the number of persons who would pass a given point. Heyer alleged that he won the bet and that De Jalme refused to pay.

SCHOOL AT NEW
SALEM BURNS UP

Continued from Page 1.

years ago when the building was completed. The insurance on the building of \$17,500 will just pay the balance due on the building, it was stated at the auditor's office. There was insurance of \$2,500 on the fixtures.

The building was one of the modern and up-to-date school houses which have been built in Rush county in the last few years. It was completed at a cost of approximately \$27,000 during the fall of 1912.

The township advisory board and trustee, then Edgar Morris, let the contract for the building on the afternoon of February 15, 1912, at the office of the aw firm of Sparks & Gary. The general contract was awarded to James I. Barnes of Logansport for \$21,717. The heating plant contract was granted to W. H. Johnson & Son of Indianapolis for \$2,950. The plumbing contract amounted to about \$400. But before the building was completed, there were extras added to the structure which brought the total cost price to near \$27,000.

The school house was modern in every particular and adhered in every way to the state sanitary school house law. The building consisted of six class rooms and an auditorium. There were folding doors in the center of the auditorium so that it could be converted into two large class rooms if the center of the auditorium so that it could be converted into two large rooms if the school attendance ever became so large that extra class rooms would be necessary. The building was built of brick and was covered with the newest kind of roofing, a preparation of asbestos and cement, which was guaranteed to stand the worst kind of weather and to be water-proof and a non-conductor of lightning.

The erection of the new building at New Salem was the result of action taken by some residents of Noble township, who petitioned the state board of health for an order for a new structure on the theory that the old one was not a fit place for children to attend school. Dr. J. N. Hurty, secretary of the state board of health, visited Rushville during the winter of 1911-1912 and while here made a hurried trip to New Salem and inspected the old building. He pronounced it unsanitary after a brief examination and condemned it. It became necessary, therefore, for the township trustee and advisory board to take steps at once to erect a new building.

The township officials advertised for bids twice before the contract was awarded for the building which was destroyed last night. They first advertised for bids during the spring of 1911, but the estimates exceeded the appropriation of \$25,000 and the contract could not be let because it would have been unlawful.

The township officials considered the advisability of increasing the appropriation and awarded the contract anyway, but they found that the law fixed a limit of two per cent. of the taxable property, which was \$1,300 more than the appropriation of \$25,000. The additional \$1,300 was not enough to let the contract on the first estimates. This caused delay in erecting the business. The plans were slightly altered so that the contract would not exceed \$25,000.

"TIZ"—A JOY TO
SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet. Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous exudations which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25-cent box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

DRESSES ARE RECOVERED

Two Stolen From Scudder's Porch Found in Lumber Yard.

The two valuable dresses which were taken from R. F. Scudder's porch on Christmas eve were found in J. P. Frazee's lumber yard Thursday afternoon. They had been removed from the boxes and wrapped in a bundle. They were found by accident. A dog was chasing a rabbit and workmen at the lumber yard joined in the chase. When the dog went under a pile of lumber after the rabbit, it dragged something out which proved to be the stolen dresses. They were delivered to the Scudder home from the Mauzy Company and left on the front porch because there was no one at home.

Kidney Trouble Lead
To Terrible Torture

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swelling under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

Tooth Loose?
Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

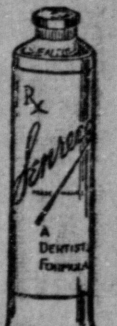

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Santal Remedies Company 503 Union Central Building, Cincinnati, Ohio.

MANY PHASES OF COUNTRY LIFE

Problems Are Discussed at Next to Last Day of Purdue Short Course by Experts.

FARMERS' WIVES ORGANIZE

Over Half of Rural Churches in Indiana Losing Ground, Says University Pastor at Meeting.

(Special to the Daily Republican.)

LaFayette, Ind., Jan. 14.—With a series of practical demonstrations

Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

MISS INNIS

332 N. Morgan Phone 1071

in all the important branches of farming in Indiana the fourteenth annual Farmers' Short Course at Purdue University will come to a close tomorrow. The popular assembly for Hoosier farmers and their families has been a great success. Twenty-five hundred of them will return home with a better understanding of modern farm methods and a determination to put into practice what they have learned at this big school this week. There has been plenty of instruction for men, women, boys and girls and all have shared the benefits.

The work today was unusually interesting dealing as it did with many different phases of the country life problem. In dairying some of the best-known experts of the middle west presented the result of their life's work for the benefit of Indiana dairymen. In horticulture various problems were discussed and answers given by learned authorities. In live stock breeding the farmers learned how to judge horses and feed all kinds of farm stock. In the crop and soil section the use of phosphate and manures was discussed and in poultry husbandry a judging demonstration was given.

One of the most interesting developments of the week is the movement, born at yesterday afternoon's meeting of the Indiana Home Economics association, an organization of farmers' wives and daughters, to establish a housekeeping experiment station at Purdue. It was also suggested that a model home be provided for the household economics department to teach the girls just how properly to take care for a home and manage it. The enterprising women at the head of this association are determined to make their project a success and will endeavor to enlist the support of the Purdue University authorities for their plan. The idea was first suggested by Mrs. Christine Fredericks of New York who maintains such an institution on Long Island. She spoke yesterday afternoon at the association meeting on this subject.

More than one-half the rural churches in Indiana are losing ground and one out of every eight has been abandoned. Scores of communities which had vigorous and fruitful churches 25 years ago now have neither Sunday school nor preaching services. Fully one-sixth of the townships in Indiana are without a resident minister and the average salary of rural ministers is less than \$600.

These are facts according to the Rev. Oakel F. Hall, University pastor at Purdue, who has made a careful investigation to ascertain the exact status of the country church of the present day. He discussed the situation before a large assemblage of Indiana farmers and their families attending the Short Course. The present state of affairs he attributed to several causes. One is the decrease in rural population. He presented statistics showing that Montgomery, Boone, Clinton, Tippecanoe counties have suffered a loss of 12 per cent. in rural population since 1890. Only one township in the four counties shows a gain. This is Madison township, Clinton county.

Mr. Hall argued that fewer rural churches are actually needed. Better roads have enlarged neighborhood lines and modern conveyances have cut down distances. Impoverished social life, unbusinesslike management and lack of competent leadership were named as contributing causes to present conditions.

But the multiplications of denominations and excessive emphasis on creed and dogma were cited by Mr. Hall as the chief agencies which have brought rural churches to their present state. "Creeds and dogma in country churches," he said, "have led officers and leaders away from Christ. Hundreds of communities which ought to be working unitedly for better social conditions and purer and richer life here and now have been divided into competing camps, each trying to convince the other that 'ours is the only sure way to the Celestial City.'"

Mr. Hall would not eliminate denominations but he would unite and federate them. He favors community churches for rural districts. He believes that all the great problems of country life should receive the thought and attention that hitherto have been given to meaningless theorizing and fruitless debate and discussion.

RAILWAY MEN MAY REPLY WITH STRIKE

Notice is Served by Union That They Will Oppose Conscription in Great Britain.

IMMEDIATE STRIKE HINTED

(By United Press.)

London, Jan. 14.—The National Railway Men's union, one of the strongest labor organizations in Great Britain, today defied the government to enact the conscription bill.

In the most drastic resolution yet adopted by any labor today executive committee of the railway men declared their organization will resist conscription to the uttermost. They hinted at an immediate strike of all railway workers of Great Britain if the bill was passed.

SCHOOL AT NEW SALEM BURNS UP

Fire Starting From Overheated Furnace Destroys New Building at Loss of \$27,000.

COMPLETED IN FALL OF 1912

Regular Janitor Ill, Inexperienced Boy is Believed to Have Put in Too Much Fuel.

INSURANCE TOTALS \$17,500

Presumed That Fire Started Thursday Because Smoke Was Noticed in Building All Day.

Fire believed to have been caused by an over-heated furnace destroyed the beautiful school building at New Salem early this morning. The building was comparatively new, having been completed in 1912 at a cost of \$27,000 and the loss will be a severe blow to New Salem and Noble township. The total insurance on the building amounted to \$17,500.

The blaze was discovered at two o'clock this morning and at that time the entire building was on fire, there being no chance of saving the structure. There is little doubt but that the fire started from the furnace. The regular janitor, John Spacy, has been ill for the past week and his work has been attended to by Gordon Hines, colored.

The supposition in New Salem is that the building was on fire yesterday and that the flames smoldered until late last night when they finally broke out. When actually discovered it was too late to make any fight to save the building. It was stated today that the building was filled with smoke most of yesterday and that the steam pipes were very hot all day yesterday.

Hines, who had not had very much much experience firing the furnace, believed the smoke was caused by some paper he had burned. It is now believed that the coal in the basement of the building was on fire.

The people of New Salem and Noble township, were helpless when the fire had gained such headway because they were totally without facilities for fighting it and could do nothing but stand by and see it burn. The blaze had such a start when discovered that it was impossible to save any of the school books and other supplies of the children, all of which were a complete loss.

It was commented on today that it was very fortunate that the fire did not break out Thursday while the children were in the building because when the blaze did start, it spread so rapidly that it is doubtful whether many of the pupils could have escaped.

Noble township is in the same position today as three and a half

Brown, assistant postmaster. Mr. Brown was forty years old. He was one of the first conductors on the I. & C. and used to take pride in operating the Dispatch.

STOCK PRICES ADVANCE

New York Exchange Shows Effect of Mexican Situation.

(By United Press.)

New York, Jan. 14.—Reiteration of the administration's determination not to intervene in Mexico caused a general advance today in stocks which were driven down yesterday in the belief that the American soldiers might be sent to Mexican territory.

SMALL BLAZE IS QUICKLY PUT OUT

Faulty Electric Wiring and Escaping Gas Cause Fire at First Presbyterian Church.

WAS DISCOVERED BY JANITOR

Faulty electric wiring combined with escaping gas caused a fire loss of about \$100 this morning at the First Presbyterian church. The fire was confined in the tower of the church. A short circuit in the chandelier caused the escaping gas to ignite near the ceiling and the flames burned through the plastering before discovered.

Floyd French, janitor of the church, was working in the building at the time and discovered the flames. French stated that he kept smelling smoke and on investigating found the fire up next to the ceiling. The fire department was called and the flames were easily extinguished with chemicals. The chandeliers at the church are arranged for both gas and electricity, and it was considered fortunate that the fire occurred when it did as the location of the blaze was in a dangerous place, threatening the entire building.

SCHOOL HACK IS UPSET IN ROAD

Vehicle Carrying Children to Arlington Turns Over But Occupants Escape Injury.

HORSES SCARE ON BIG HILL

Enroute to the Arlington school Thursday with about twenty-five children, a school hack driven by Morris Bagley upset on the hill just east of Arlington when the team of horses frightened, and the children had a very narrow escape from being killed or badly hurt.

None of the children was hurt very seriously. John Posey, little son of Mr. and Mrs. James Posey, was injured worse than any of them. He sustained a sprained ankle and some severe bruises.

That the children should escape was considered to be bordering on the miraculous. There was a stove in the hack and it was thought to be fortunate that it did not set the vehicle on fire.

JOHN R. HILL DIES.

The funeral services of John R. Hill, age eighty-one years, who died at his home west of Carthage Wednesday night following an illness of two weeks with the grippe, will be held at the residence at ten o'clock Saturday morning, conducted by the Rev. Zola White. Burial will take place in Riverside cemetery.

HOLD INTEREST FOR THE FARMER

Corn Show and Purdue Farmers Short Course Will be Held in Rushville January 22 to 26.

VALUABLE PRIZES OFFERED

Short Course Will Give Condensed Form What Farmers Are Enjoying at Purdue This Week.

Beginning a week from tomorrow, there will be something in Rushville of interest to farmers and their wives, for four days, not counting Sunday, when the corn show and Purdue farmers' short course will be held.

The corn show will be first on the program and will take place on Saturday, January 22. Prizes amounting to thirty-five dollars in cash and approximately twenty-eight dollars in merchandise will be offered in prizes.

The two first prizes for the best ten ears of white corn and the best ten ears of yellow corn will be fifteen dollars each and will be given by the Rushville National Bank, the Rush County National Bank and the Peoples National Bank. Second prizes in these two classes will be ten dollars in merchandise in each class, one prize to be given by J. B. Morris, the hardware dealer, and the other by Oneal Brothers. The third prizes will be four dollars in merchandise. First prizes of two and a half dollars will be given for the best single ear of white corn and the best single ear of yellow corn.

The short course, which opens on Monday, January 24, and continues until Wednesday afternoon, January 26, offers in condensed form just what farmers of Indiana, and their wives, are this week enjoying at Purdue university. Purdue will send competent experts here to lecture on live farm and home economic topics and there will also be a car load of live stock sent to Rushville for the purpose of demonstrations to illustrate better the lectures.

Farmers in Rushville and throughout the county who are familiar with the county short courses which are held during the winter months by Purdue know that Rush county was fortunate in being able to get one of the courses. There are always more requests for dates each year than there is time to supply them. Rush county anticipated a short course last winter, but they had to be called off entirely because of the epidemic of foot and mouth disease.

Premium lists for the corn show programs for the farmers short course will be issued in a few days and will be distributed throughout the county.

FORMER LOCAL MAN NAMED.

James Geraghty, formerly of this city, has been appointed corporation counsel for the city of Spokane, Washington, according to word received by local relatives. Mr. Geraghty has been a resident of Spokane for about twenty years. He is the son of Patrick Geraghty, formerly of this city, but now of Spokane.

Forrest Jones has an attack of la grippe.

Mrs. W. H. Sharer of Carthage, formerly of this city, is critically ill with a complication of diseases and is not expected to live.

The record for buying stock was broken yesterday afternoon when U. G. Beaver bought, between the hours of one and four-thirty, eleven carloads of hogs.

JURY'S VERDICT BREAKS THE WILL

Jurors Hold Bertha Toyne's of This County and Stella Platt are Entitled to Share.

ESTATE IS VALUED AT \$16,000

Granddaughters of Mrs. Nancy Miller Alleged She Was of Unsound Mind When Will Was Made.

Bertha Toyne of this county and Stella Platt of Decatur county, grandchildren of the late Nancy Miller, were successful in their case to break the will of the late Mrs. Miller, the jury returning a verdict for the plaintiffs in the Shelby circuit court last night after being out four hours.

If the case is not appealed the plaintiffs will receive one-half of the estate valued at \$16,000. The plaintiffs alleged that Mrs. Miller was of unsound mind and was influenced in making the will which cut them off from sharing in the estate. The entire estate was left to Mrs. Ida Clingman, except a house and lot in Homer, which was given to Mrs. Mary E. Edmondson, a daughter of Mrs. Clingman.

During the trial evidence was introduced regarding the killing of Mrs. Miller's husband, William Stewart Miller, by their son-in-law, Rolla Clingman, husband of Mrs. Ida Clingman, one of the defendants in the action to break the will. Most of the evidence regarding conversations with Mrs. Miller introduced at the murder trial, was permitted to go in as evidence at the trial just closed.

The case was one of the hardest ever fought in Shelbyville where it was sent on a change of venue from Rush county. The trial started on January 4. Local attorneys for the defendants would not state today just what action will be made, but it was expected that a motion for a new trial will be made and it is highly probable that the case will go to the higher court.

The closing arguments yesterday attracted a large crowd. Three hours on a side were given for the arguments and the court room was crowded all during the time allotted the attorneys. The case has been followed closely by a large number of Rush county people, especially in Walker township where Mrs. Miller lived and in which township the property involved is located.

The opening argument for the plaintiffs was made by J. Oscar Hall of Shelbyville, who was followed by John A. Tisworth of this city for the defendant. Judge K. M. Hord then took up the argument for the defense and the case was closed by John E. Osborn of Greensburg, speaking for the plaintiffs.

The breaking of the will, if successfully carried out, will mean the appointment of a new executor to take the place of Lon H. Mull, the present executor, and one of the defendants in the case.

Mr. and Mrs. Richard Dishingier of Madison have moved their household goods to this city and will take up their residence on the John K. Gowdy farm six miles west of the city.

The Rev. S. G. Huntington, pastor of the First Baptist church here, will begin a protracted meeting next Monday at the Mt. Pleasant Baptist church in Johnson county for the Oren A. Cook, who conducted a revival here for the Rev. Mr. Huntington early in the winter. On the first of February, the local minister will start a revival at the Little Blue river Baptist church.

—Fred Milligoss of Home: visited in the city today.

REPORTED MURDER FALSE

All Americans at Madera Chihuahua Safe, Dispatches Say.

(By United Press.)

Washington, Jan. 14.—All Americans at Madera Chihuahua are safe according to dispatches today to the state department forwarded from El Paso. The report that twelve had been murdered there was without foundation, said the dispatches.

QUIET AFTER LAST NIGHT'S RIOTING

Rage Over Massacre of Americans in Mexico Expected to Break Out Again at El Paso.

MANY MEXICANS IN HOSPITAL

(By United Press.)

El Paso, Jan. 14.—With United States troops enforcing martial law in the Mexican district of El Paso, the city was quiet early today following last night's rioting which filled hospitals with wounded Mexicans.

Rage over the massacre of Americans in Mexico was expected to break out again. Mexicans were being deported by wholesale or thrown into jail to escape mobs of angry cowboys, cattlemen and miners.

RUSH COUNTY GETS THE SAME OLD DATE

Fair Will be Held Last Full Week in August, According to Schedule Arranged Thursday.

STAKE RACES TO BE FEATURED

The date of the Rush county fair this year will be August 22-25, according to announcement made from North Vernon, where the annual meeting of the Southeastern Indiana fair circuit was held yesterday. Everett Piper represented the local fair board at the meeting. Practically none of the dates was changed and Rush county again gets the last full week in August.

It was decided again to have the \$500 stake races on the circuit. These races proved the feature of the race card at every fair on the circuit last year. The entries for these races will open on April 1. On this date the fee will be \$10 with \$1 deposit. C. E. Kemper of Osgood was re-elected president and Robert Porter of Edinburg was re-elected secretary.

The dates for the circuit are as follows: Lawrenceburg, July 11-15; Osgood, July 18-21; North Vernon, July 25-28; Edinburg, Aug. 2-4; Columbus, Aug. 8-11; Franklin, Aug. 15-18; Rushville, Aug. 22-25; Shelbyville, Aug. 29-Sept. 2.

BULLETIN.

London, Jan. 14.—The British foreign office announced this afternoon that documents taken from Capt. Von Papen, German attaches, contained evidence that he paid Warner Eorn \$1,800 to blow up the International bridge at Vanceboro, Maine.

—Dave Compton and son, Charles, of New Salem were visitors here yesterday.

—R. F. Scudder returned last evening from a short business trip to Leroy, Ohio.

WILSON NOT TO CHANGE COURSE

Announcement Regarding Mexican Policy Came in Face of More Criticism in Congress.

AND ENGLISH INTIMATION.

Senator Works Introduces Resolution Proposing Congress Take Charge of Affairs.

CARRANZA MAKES PROMISE

Declares he Will Mete Out Conding Punishment to the Guilty Bandits When Caught.

(By United Press.)

Washington, Jan. 14.—The administration will "stand pat" on its present course regarding Mexico, it was officially announced at the white house following a meeting of the cabinet today.

This announcement came in the face of further criticism from congress and a direct intimation from England of her interests in recent Mexican outrages.

At the same time direct word came from General Carranza declaring in effect that he can and will handle the situation.

Senator Works introduced a resolution proposing that congress take the matter out of the hands of the president and intervene on the president is determined to give Carranza a chance to prove himself.

These things happened: The British embassy arranged for a conference with the state department regarding Mexican outrages.

Carranza wired a message declaring his purpose to mete out "condign" punishment to the bandits who murdered Americans in Chihuahua.

The president discussed the situation with Senator Stone and the latter warmly defended the administration in a speech on the floor of the senate.

The white house let it be known no United States troops will be sent across the border, for the present at least.

The cabinet in regular session considered possible courses of action.

Carranza's message to the Mexican ambassador follows:

"The murderous attack on the passenger train near Chihuahua was made by the only remaining band of outlaws in that region. This band is being actively pursued in order to assure its capture, whereupon condign punishment which their crime deserves will be meted out to every guilty participant."

"The Constitutional government troops have been ordered to establish strong patrols from end to end of the railroad line to forefend against similar outrages."

"You will make this declaration to"

The Jury

Every reader of this newspaper is a member of a daily jury. Each day the claims of rival manufacturers and merchants are set forth in the advertising.

And the great jury of readers passes on these and gives its verdict by purchasing or leaving alone.

By that verdict the various advertisers must stand or fall.

There is no appeal.

The advertising only succeeds as it is made helpful and appealing to your needs.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Fresh supply Mrs. Austin's Buckwheat Flour at your grocers.

REAL ESTATE SALES HEAVY

County Recorder's Report Shows the

Total Considerations Mentioned in 1915 Were \$1,224,769.

582 DEEDS ARE RECORDER

Mortgages Totalling 235 and to Value of \$866,363 Are Filed During the Year.

The annual statistical report of County Recorder Peck has been completed and sent to the state bureau. The report covers the last year of the term of Charles Brooks, who retired as county recorder on January 1. The year was an active one in the sale of real estate, a total consideration of \$1,224,769 being shown.

The total deeds filed and recorded amounted to 582. The warranty and quit claim deeds numbered 576 with a total value of \$1,221,678. Five sheriff's deeds were recorded during the year to the value of \$3,187. One deed from the county auditor was received the value of the property being placed at \$4. All other miscellaneous papers filed numbered 101 and a total of 134 one-dollar considerations were recorded.

Mortgages recorded also played an important part of the year's work at the recorder's office. A total of 235 mortgages were filed during the year on farms and lands not located in cities or towns. The value of these mortgages were placed at \$866,363. Of these mortgages 245 were satisfied to the value of \$731,498.

Mortgages on lots numbered 142 with a valuation of \$145,103. One hundred and fifty-eight of this class of mortgages were satisfied, the valuation being \$153,930. Eighteen school fund mortgages were filed, the value being \$21,650. Eight of this class were satisfied at the value of \$10,300.

Chattel mortgages numbered 140, the value being placed at \$85,859. Eighty-eight of the chattel mortgages were satisfied with a consider-

ation of \$44,844. The total number of mortgages of all classes numbered 627 with a value of \$1,132,395 and the satisfaction totaled 610 with the valuation of \$968,611.

During the year a total of 92 liens were filed at the recorder's office, the total amount asked being \$14,426. One hundred and fifteen liens were satisfied at a value of \$28,039.

County News

Arlington.

Mrs. Fred H. Finlaw has returned from Cincinnati, O., where she has been visiting relatives and friends.

Glen Downey, the son of Mr. and Mrs. Frank Downey was home sick with an attack of the grippe, has returned to Indianapolis where he has a position in a bank.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

"THE SINS OF THE MOTHERS"

"The Sins of the Mothers" is a story of gambling. The heroine is a beautiful girl. She loves cards — She loves roulette — She loves races — She loves them with a passion that is a mania. First to the bridge tables of fashionable society. Then to the races. You see the great race track scene and the inside of the gambling house. All these things appear before you on the screen.

Admission 5 and 10 Cents

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Biscuit Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Get Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatic or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatic and lame back misery so promptly!

HORATIO S. HAVENS

WH We Get Action.

Quite the most important action bearing on the tumultuous situation in Mexico the resolution offered Thursday afternoon by Senator Lewis of Illinois, an administration leader, which would empower President Wilson to settle the internal troubles of the border republic by ordering the army into Mexico. The fact that a senator in sympathy with President Wilson's policy introduced the resolution caused much speculation as to whether the president favored such a move. Senator Lewis did not indicate that he acted at the request of the chief executive.

As hostile as guerrilla warfare in Mexico would be, conditions have reached a stage where the United States will have to do something. The ruthless murder of American when they were guaranteed safe conduct by the authorized and recognized Carranza government makes it appear that no government in Mexico can guarantee the safety of foreigners. Affairs have been straightened out by a stronger power.

Carranza apparently has the largest following and he has been recognized by the United States. His agents made representations that the eighteen victims of the Villista

bandits would be perfectly safe.

Since the responsibility for Americans entering Mexico has become an issue United States Consul Edwards, at Juarez, declared that absolute guarantee had been assured the eighteen victims.

General Gavira, Carranza commander in Juarez, personally assured him, he said, it would be safe for the mining party to return to Mexico and resume operations, saying that the district through which they would pass would be completely dominated by Carranzistas.

American mining men, refugees from Mexico, enraged at the part Edwards played in obtaining the entrance in Mexico, attacked forcibly ejected the consul from the lobby of the Sheldon hotel at El Paso Thursday. Edwards ran up the street and escaped.

At first refugees clashed with the consul, loudly denouncing the Washington administration and blaming it for the massacres. Edwards tried to argue with the men, resulting in several of them throwing the consul bodily into the street.

But promises of prompt action to punish the murderers, made yesterday by the Washington representative of the Carranzistas, will be of little avail after the lives have been taken. Punishment is worthless. Protection, such as that which was promised, was what was needed. Mexican promises apparently are worthless.

United States citizens along the border have about reached the stage where they will take the law in their own hands, as indicated by their anger with the United States consul and the fact that several arrests have been made in El Paso of United States citizens following the alleged discovery of a plot fathomed by them to lynch General Salazar, suspected of ordering Tom Fountain, a popular miner, before a firing squad at Parrell in 1912. The twenty Americans who called at Salazar's hotel were believed to be bent on other lynchings at avenge the massacre of last Tuesday.

Despite the resolution introduced by the administration sympathizer, it was announced Thursday that President Wilson stands squarely behind Secretary Lansing in his statement that Americans who entered Mexico in the face of warnings from the state department did so at their own risk.

While General Carranza has been urged to endeavor to round up the bandits responsible for the murder of the sixteen Americans and punish them, it was made plain at the white house that the president has not deviated from his policy in regard to Mexico. It was declared that Lansing's statement concerning the blame attached to persons who have gone into Mexico despite warnings has the endorsement of the president. The men in the party killed Monday have also been specifically warned, it was stated.

Languages in Switzerland.

There is no Swiss language as such. By the federal constitution of 1848 and 1874 French, German and Italian are formally recognized as national languages. Debates in the federal parliament may be carried on in any of these languages. All laws and federal acts appear in three versions. There is a historical dialect called the Romansch, or Latin, which is still used by some of the people, but this dialect is not recognized politically.

A Matter of Weight.

Mrs. Jousling—Dis myah new minister am a fine preachab, but he am de leanest an' skinniest young man I ebba see. Mrs. Black—Yes, an' he done told mah husband, what weighs two hundred and forty, to bewar' les' he should be weighed in de balance an' found wantin'—Puck.

Tough Lodgings.

Some of the cheap lodging houses in London are called "peuny sit-ups." They provide mere benches with wooden backs. Each lodger places his arms on the back of the bench before him and then, resting his head on his arms, tries to sleep.

Trick of the Trade.

"Strong men" who break steel chains by the expansion of the biceps usually see that the chain contains two links made of a peculiar kind of glass which breaks upon very slight pressure.

The Installments.

Patience—They say she got all her furniture on the installment plan. Patience—She did. She has had four husbands, and she got a little furniture with each one.

The man who cannot blush and who has no feeling of fear has reached the same of impudence.—Menander.

SIZES OF SARDINES.

The Big Fellows Are Eight and Even
Ten Inches Long.

Sardines are found chiefly in the Atlantic ocean, forming great schools or banks extending from the coast of Ireland to the Canary islands. They are also found in considerable quantities in the Mediterranean, probably coming from the Atlantic, attracted by the higher temperature of the water. However, sardine fishing is of less importance on the Mediterranean shores of Spain than on the bay of Biscay and the gulf of Cadiz, where the principal factories for canning sardines are located.

The supposed difference between sardines found in various parts of the world has been much disputed, but repeated investigation has demonstrated that no generic difference exists, as the sardine is not a sedentary fish and inhabits the ocean at large, migrating from coast to coast in search of food and mild waters. This explains its appearance and disappearance, both dependent upon the movement of warm currents, and its particular abundance on the coast of Galicia. Near Finis-terre, in close proximity to the gulf stream, the sardine is usually first seen.

The length of the sardine varies from four and three-quarters to eight inches and the weight from 0.84048 to 2.30830 ounces. Sometimes a few are found measuring as much as eight and three-quarters inches long, but this is extremely rare, and none exceed ten inches. The sardine is known by many names, according to locality and development. In Galicia those of nine centimeters (3.54 inches) in length, weighing less than 26.4555 pounds a thousand, are called "parrocha" and when six or six and one-quarter inches long "mediano" or "medianillo." They are really known as sardines only when they reach the size of from seven and one-quarter to seven and three-quarters inches in length, weighing from 132.2773 to 154.3236 pounds a thousand. There is also a class of small sardines found in Cantabria as well as Galician waters, called "anchas." This variety does not exceed two and one-quarter to three inches and ordinarily weighs 0.17037 or 0.21264 ounce.—Consular Reports.

"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced many a man to the joy of pipe-smoking and a regular unending procession of happy days.

MARCUS J. WRIGHT
Famous
Ex-Confederate General

"Owing to its mild, sweet flavor, Tuxedo is superior to all other tobaccos. I enjoy smoking it immensely and recommend it to all smokers."

Marcus J. Wright

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

By far the most pleasant pipe-smoke in the world is Tuxedo. Think of the supreme satisfaction of being able to smoke your pipe all day, and day after day, without a particle of discomfort! You can do it with Tuxedo—because Tuxedo is made wonderfully mild and absolutely biteless by the original "Tuxedo Process."

That process is what makes Tuxedo different from any other tobacco made. Others have tried to imitate it, but never successfully.

Just try Tuxedo for a week and you'll smoke it ever after.

FUNERAL IS HELD TODAY

Mrs. Alonzo Rhodes Dies at Her Home North of Manila.

The funeral services of Mrs. Alonzo Rhodes, who died at her home north of Manila of paralysis Wednesday, were held at the Little Blue River church, with the Rev. Elmer Mater officiating, at eleven o'clock this morning. She was forty-five years old. Surviving are the husband and two children, Miss Edna, who lived at home, and Earl of Shelby county and two brothers and two sisters. She was a faithful member of the Little Blue River Baptist church for thirty years.

DISHONEST BIG SOURCE OF LOSS

Anthony Schrichte of This City Delivers Address at Annual Convention of Monument Dealers.

DEALERS LOSE IN THE END

Indianapolis, Ind., Jan. 14.—Business dishonesty was declared as the greatest source of revenue loss in the monument business, Thursday, by Anthony Schrichte, of Rushville, while addressing the ninth annual convention of the Indiana Retail Monument Dealers' Association at the Claypool hotel. Although asserting that conditions in the monument business have improved since the state association was established to conduct an educational campaign among its members, Mr. Schrichte said many persons distrust the monument dealer on account of dishonest business methods that have been adopted by some dealers in the past.

The fact that the public at large knows nothing about the cost of the material used in making monuments should cause dealers to exercise more care in protecting the public from fraud, the speaker said.

PANAMA RAIN IS GOETHALS' BIG FOE

Fourteen Earthquakes In Last Year Did Little Damage.

SLIDES COME IN WET SEASON

Report Says the Zone Would Be an Ideal Place to Live Were It Not For the Rainy Times—Death Rate Has Been Materially Lowered During the Last Year.

The wet season, not earthquakes, is the enemy of the Panama canal. This appears from the annual report of George W. Goethals, governor of the canal zone, covering the last fiscal year.

He notes that while fourteen seismic disturbances rattled the slides along the canal during the twelvemonth his report describes, none did any damage. Four were of comparatively local origin. Three were violent enough to be felt generally over the zone.

It was during the wet season between April and October that the slides developed. As an illustration, operations in the vicinity of the Cucaracha slide had progressed by Aug. 15, 1914, to a point which warranted opening the canal to traffic.

Two months later a slide came which completely closed the channel. The entire east bank slid into the canal in a strip 2,100 feet long and reaching back 1,000 feet from the bank. The lower strata squeezed into the cut, so that at some points the forty-five feet of depth previous to the slide was shoaled to nine inches.

New Channel In Six Days.

In six days a new channel had been cut capacious enough to pass shipping. The movement continued, however, after the beginning of the dry season, so that it became necessary to close the canal again from Oct. 31 to Nov. 14 and from March 4 to March 10.

The Gallard cut, after remaining fixed for a year, began a demonstration last June. By the 30th of the month 5,000,000 cubic yards had slipped relentlessly into the canal, nullifying the labor of years.

At times the channel shoaled so rapidly that it was necessary to drag after the passage of each ship. In some instances dredging was required before the next vessel could pass.

Miscellaneous dredging was kept up throughout the year. A total of 1,245,015 cubic yards of earth and 93,680 cubic yards of rock were taken out at the Pacific terminals.

Conditions Otherwise Ideal.

Were it not for the slides the zone would appear, from the governor's report, to offer ideal conditions of residence. Living is cheap and surroundings are healthful.

A compilation of expenditures shows that the average amount spent for breakfast at Cristobal was 21.24 cents, for luncheon 29.71 cents and for dinner 31.42 cents. At the Ancon hotel breakfast cost on an average 19.5 cents, luncheon 33.2 cents and dinner 30.7 cents.

On the health side it is noted that the death rate was cut from 7.92 for 1914 to 5.73 for 1915. The death rate from disease was cut from 5.17 to 3.61.

Between Aug. 15, 1914, and June 30, 1915, 530 vessels, representing a net Panama canal tonnage of 1,884,728 and cargo tonnage of 2,125,735, were passed through from Atlantic to Pacific, and 558 vessels, representing a Panama canal tonnage of 1,958,307 and a cargo tonnage of 2,844,057, from Pacific to Atlantic, making a total of 1,088 vessels, with a net canal tonnage of 3,843,035 and a cargo tonnage of 4,969,792.

On finances the report says:

"The current expenses charged to operation and maintenance of the canal during the year amounted to \$4,112,550.48, while \$100,608.52 had been charged during the previous year, a total of \$4,280,159. Tolls collected for vessels passing through the canal during the year amounted to \$4,343,383.69; tolls for the prior year amounted to \$14,618.68, a total of \$4,358,002.37 to June 30, 1915.

Excess of Tolls, \$214,833.21.

"The excess of tolls collected over the current charges for the year was \$214,833.21, and for the entire period to June 30, 1915, the excess was \$68,843.37. It is roughly estimated that total refunds may aggregate \$400,000, which will show an excess of operating expenses over collections.

"Congress has appropriated for the canal \$304,399,149.02 to June 30, 1915. Of this \$305,999,116.72 has been appropriated for the construction of the canal and its adjuncts."

KAISER LAUDS VON EMMICH.

In Letter to Widow Tells What a Great Soldier He Was.

Emperor William has sent a message of condolence to the widow of General von Emmich, the conqueror of Liege, who died the other day. In his message the emperor said:

"I have lost an officer whom I highly esteemed as a paragon of fidelity and devotion both as soldier and man. When history describes the most glorious achievements of this war—Liege, St. Quentin, Gallicia and Poland—his name will occupy one of the first places."

IT'S THREE YEARS OLD

But Mrs. Reynolds Says It's Just as Good Today as When it Was First Made.

Three years ago Mrs. Reynolds testified to complete relief from kidney ills.

She now says that there has not been the slightest return of the trouble.

Rushville sufferers will take a deal of comfort in Mrs. Reynolds' statement.

Read what she says:

Mrs. B. W. Reynolds 620 West Fifth street, Rushville says: "Doan's Kidney Pills are an excellent medicine and do all they are advertised to do. When we use Doan's Kidney Pills in our family, they proved very beneficial."

The above statement was given July 27, 1912, and on Aug. 26, 1915, Mrs. Reynolds said: "Doan's Kidney Pills were of great help to me when I used them and the cure they gave me has proven permanent. I gladly confirm my former endorsement."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Reynolds has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

POVERTY IN EGYPT.

It Often Drives Parents to Sell Their Children as Slaves.

In the whole land of Egypt there are now only two cities, Alexandria and Cairo. Yet once Egypt was the grandest country of the world, having as many as 200 cities, but these have been all long swept away or covered with the sand of the desert.

In these two cities, Alexandria and Cairo, all the principal people of Egypt reside, while in the country districts up the Nile there are no towns and hardly any villages, but only scattered settlements of peasants, who are called fellahs or fellahin.

These fellahs, though of the same Arab race and religion as the people of Cairo, are very different in most other ways. Instead of the turban, the flowing robe and the gay slippers, which the men of the city wear, we see only a half clad figure with matted hair and skin blackened by the sun; instead of the veiled lady in a robe of silk, here is a poor woman with naked feet in a dress woven of grass. One thing, however, both use in common—a bracelet.

The fellahs of upper Egypt are very numerous, but they are all very poor. Their houses are mud huts, used only to sleep in, as they are in the open air most of the day. Their food consists chiefly of vegetables, which they eat uncooked, such as maize, melons, gourds, beans, lentils and dates; those that have a cow can get milk, and all can get fish. Meat they seldom taste, and their bread is only a half baked paste of bruised maize or millet. Rice is too dear for them. One luxury, however, all the men—and women, too—manage to get whatever else they go without—that is, the ever present long wooden tobacco pipe, smoking.

The poverty of many fellahs is so great that a family of children is often a great burden to the parents. Many cases yearly occur of parents selling their children as slaves to escape from the expense of their support.

A parent will sometimes make a long journey to Cairo to get rid of his young children. Some time ago a woman brought to a rich lady of that city an infant, which she said she found at the door of a mosque. The lady said she would take the child and adopt it and handed the woman a small sum as a reward for her trouble in bringing the child. The woman refused the offer, blushed and withdrew. She was the child's own mother.—Hartford Post.

NO TROOPS TO BE SENT INTO MEXICO

This Plainly Indicated Today After Conference Between Chairman Stone and Wilson.

WHAT OF LEWIS RESOLUTION?

(By United Press.)

Washington, Jan. 14.—No armed troops will be sent across the Mexican border at this time, it was plainly indicated today following a half hour conference between President Wilson and Senator Stone, chairman of the senate foreign relations committee.

The senator called to get the president's advice on action his committee should take on the various resolutions concerning Mexican affairs which have been introduced. He would give no indication of what President Wilson desired done with Senator Lewis' resolution to give the president the same authority to use the army in Mexico as he has with the navy in Nicaragua and Haiti.

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Conx the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by thereby flushing out the intestines with nasty, sickening cathartics. Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. You will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone. Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe the inflamed, swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

ing services a congregational meeting will be held for the purpose of considering the matter of securing a permanent pastor and also for the taking of an information ballot on calling the Rev. Mr. Aikin.

At seven in the evening the sermon topic will be, "Making Salvation Sure." Bible school will be held at 9:30 a. m.

+Services at the First Presbyterian church Sunday will be as follows: "Quiet Thought," 7 a. m.; Bible school, 9:15; divine worship, sermon, "The Great Mystery," 10:30; Juniors, 2 p. m.; evening worship, sermon, "Is

WOMAN WEAK, DIZZY, NERVOUS

Health Restored by Lydia E. Pinkham's Vegetable Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house." — Mrs. L. N. BURNHAM, 35 Globe Ave., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for Women's Ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

Society and Club News

Edited by MISS FRANCES FRAZEE

An interesting program has been arranged for the meeting of the Ladies Musical to be held at the home of Miss Wanda Wyatt on next Monday afternoon. The Misses Edith and Olive Buell are leaders for the afternoon.

Extensive plans are being made for the dance to be given in Glenwood in the Osborn Hall this evening. Old-fashioned dances are to be a feature of the affair, which promises to make it an informal and jolly one. A Connersville orchestra will furnish the music.

The Pythian Sisters are making elaborate preparations for the Penny Supper to be given in the K. of P. Hall Tuesday evening, for January 18, for the K. of P.'s, their families, the Pythian Sisters, and all sojourning Knights. After the supper, a dance will be enjoyed and a beautiful quilt will be given away.

BRIDGE CLUB.
The twelve members of the Bridge Club which were entertained by Mrs. Sarah E. Mull at her home in North Perkins street yesterday spent a most delightful afternoon. Several card games furnished the diversion for the afternoon, which was an unusually pleasant one.

AUCTION BRIDGE.
The members of the Auction Bridge club had another delightful meeting last evening when they were charmingly entertained by Miss Henrietta Coleman at her home in East Sixth street. The three tables enjoyed a card series and an informal social chat. Near the close of the evening, a tasteful and elaborate luncheon was served by the hostess.

BRIDGE CLUB.
An unusually pleasant afternoon was spent in the home of Mrs. Herman Tompkins yesterday afternoon when she delightfully entertained the members of the Auction Bridge club. The contestants enjoyed an informal card series, and a merry social hour. The hostess served a dainty collection on the card tables at the close of the happy gathering. The next meeting will be held with Miss Grace Buell at her home.

K. OF P. DANCE.
Good feeling and a general good time marked the K. of P. dance last evening, which was one of the pleasant series of dancing parties being enjoyed this winter by the Knights of Pythias and their families. About thirty-six merry couples comprised the crowd, that participated in the delightful informal party and dance. Mitchell's orchestra added pleasure to the occasion by their lively dance music.

DINNER PARTY.
Mrs. Nancie Furry and Mr. and Mrs. Tom Bishop delightfully entertained several of their friends with an elaborate four-course dinner last evening at their home in North Perkins street. The beautifully decorated table was a pretty setting for the perfectly appointed dinner served to the guests. The evening spent in playing games was a sociable and pleasant one. Covers at the dinner were laid for Mr. and Mrs. Joe Bishop, Mr. and Mrs. Wood Bishop, Mr. and Mrs. G. P. Mauzy, the Misses Rachel Ginn and Helen Thomas.

CARD PARTY.
The members of the Ladies Aid Society were hostesses for a very pleasant party given in the Knights of Columbus hall last evening. Informality was a feature of the evening when the seventy-five guests spent a merry social hour and then gathered about the card tables for several rounds of cards. The music, furnished by Miss Marie McKee, added greatly to the pleasure of the jolly crowd. Refreshments, dainty in all their appointments, were served at the tables to the guests, during the close of the evening.

MISSIONARY SOCIETY.
An unusually interesting meeting of the Home Missionary Society of the Methodist church was the one held at the home of Mrs. Raymond Hargrove yesterday afternoon. An interesting and instructive paper, on

"The Home Mission of Healing Fort" was read by Mrs. Ned Abercrombie. "The Open Door for Methodist Women" was the subject of the paper read by Miss Anna Poundstone, in which she showed how the Missionary Society was that door. Several beautiful Victrola records furnished appropriate music for the occasion, the members joining in on several familiar choruses. Plans were made to supply the contents, of clothing, to fill the barrel which the society sends to the frontier every year. Following the program, a pleasant social hour was spent.

Amusements

The Gem will show a three act feature "The Mystery of the Locked Room" for the program tonight. Ben Wilson and Dorothy Phillips are featured. It is a story of mystery and the solving of it makes a story worth while. Tomorrow, matinee and night the two reel comedy entitled "Life and Moving Pictures" will be shown. Billie Ritchie and Gertrude Selby are featured.

The Princess offers the feature picture "The Sins of the Mothers" for the program tonight. It is taken from the New York Sun's prize story and features Earl Williams, Aneta Stewart, Julia Swayne Gordon and Mary Maurice. One of the big scenes is at the race track. The picture is said to be wonderful. The story is of gambling. The heroine is a beautiful girl. She loves cards, races, roulette and all games of chance.

During the course of the making of the picture, "The Regeneration," which is the pictured version of "The Regeneration," Owen Kildare's story of Mamie Rose, and which will be seen at the Princess Monday night, it was necessary to take a scene of the burning of an excursion boat. "Skinny the Rat," who was one of the hero worshippers of Owen Kildare in order to get even with some of his enemies, did so by burning up an excursion boat. All this is perfectly portrayed in "The Regeneration." Director Walsh at great expense, secured an old-fashioned barge and hundreds of Bowery characters, men and women, and took the entire party—nearly 800 strong—to Glen Cove on the East River, where it consumed an entire day to film this one scene at an unusually large cost. It is predicted that this scene will be one of the sensations of this big feature picture.

Hard Chronic Cough

Made Well by Delicious Vinol.
Crestline, Ohio—"I contracted a hard, chronic cough, and was weak, nervous and run down. I have a small family of three, and it was hard for me to do my work. I took different medicines without benefit. Finally I heard about Vinol, and it has restored me to health and strength, my cough is all gone and I feel fine."—Mrs. H. H. Carlisle.
We guarantee Vinol, our delicious cod liver and iron tonic without oil, for chronic coughs and colds, and for all weak, nervous, run-down conditions. F. B. Johnson & Co., Druggists, Rushville, Ind.

A high grade, standard length ribbon, heavy black record, for all visible machines, at 50c. each. Box of six for \$2.75. Each ribbon guaranteed. Why pay more? Postage paid on mail orders. Louis C. Hiner, at the Republican office.

WILSON NOT TO CHANGE COURSE

Continued from Page 1.

"The press of the United States," "VENUSTIANO CARRANZA." Martial law has been declared at El Paso by General Pershing, Secretary Garrison said today. He said Pershing does not have authority to act without orders and no such orders have been issued. Requests from Governor Ferguson to the federal government at all first by necessary before such order would be issued he said.
In this connection, however, it was recalled that General Pershing several weeks ago was given practically unlimited authority in dealing with trouble on the border. It was considered possible that the fixing of provost guards by the regulars to protect themselves might have been taken by El Paso citizens for the establishment of martial law.

CEMETERY COMPANY WINS CASE IN COURT

Finding For Fairview Association
Against Emory Vandeventer on
Statement of Facts.

CASE FOR TODAY DISMISSED

Special Judge Springer of Connersville returned his finding on the agreed statement of facts in the suit of the Fairview Burial Grounds association against Emory Vandeventer, asking that an appraisement be made of certain ground desired by the cemetery association. Judge Springer found for the cemetery company, holding that the company has the power of eminent domain. The next step in the case would be the appointment of appraisers, but the defendant gave notice that an appeal would be taken from the decision of Judge Springer on the angle of the case decided today.

Judge Sparks found for Thasaus D. Lewis, administrator of the estate of Sarah A. Pence, deceased, against Elizabeth Peck and entered judgment for \$600, which was one-half of the amount demanded. The jury was called for this case but was not needed as an agreement was reached.

Judge Springer heard the contempt proceedings against Woodford Cassidy this afternoon and took the matter under advisement. Cassidy is being sued by his wife, Della Cassidy, for divorce and it is alleged he has failed to meet the allowance as required by the court.

MAUZY'S

Our Mammoth Ready-to-Wear Sale Continues

Garments in larger numbers are going out from this house now than at any previous similar season. There's a reason. The enormously reduced prices, applied to garments of well known wear—proven quality, are appealing to those who appreciate real economy.

FOR RENT—6 room house on West Fifth. See Agnes Winston. 2221f.

STOP THE SNEEZE, PREVENT DISEASE

Epidemic of Grip Spreads All Over the Country.

12,200 DEATHS ANNUALLY

Best Preventive is Fresh Air and Outdoor Exercise—Kissing and Ill Ventilated Homes and Offices Spread the Malady—First Recorded Case in the Year 1173.

BAN ON KISSES AMONG GUARDS AGAINST GRIP.

- Don't kiss infected persons or any one if you yourself are infected.
- Avoid the careless cougher, the careless sneezer and the careless spitter.
- Don't work or live in stuffy, overheated, ill ventilated offices or homes.
- Sleep outdoors if possible; take outdoor exercise, but avoid chilling.
- Don't wear heavy flannels. The same weight the year round is best.
- Avoid the common towel and drinking cup and all articles used by infected persons.
- Isolate grip patients.
- Don't rely on alcohol for a cure. Get a doctor.

With epidemics of grip—the old fashioned "influenza" our grandmothers knew—reported in various parts of the United States and others threatened, the above "red flag" warnings were given by Dr. W. C. Rucker, assistant surgeon general of the United States public health service.

"Grip is not to be sneezed at," Dr. Rucker said. "Latest statistics show it causes the death of 12,200 persons annually in the United States. Right now is the middle of the grip season. It begins in November, with the advent of cold weather, closed windows and doors and hot furnaces, and attains its maximum in February and early March.

"We must keep up our physical defenses, our preparedness, against this germ disease. The best preparedness is fresh air, outdoor sleeping and plenty of outdoor exercise. Sneezing, coughing and expectoration are the principal modes of transmission, from secretions of the mouth and nose. "Children's games spread the grip. Kissing between infected and noninfected persons should be avoided. Guard against being sneezed or coughed at or upon. Isolation of infected persons, if possible, and avoidance of towels or other articles they may touch to their hands, mouths or noses should be observed.

Poor Ventilation Chief Cause.

"Overheated, poorly ventilated houses and offices and lack of exercise are the chief causes of the disease."

Dr. Rucker said medical records show grip is an old human foe. The first epidemic was recorded in 1173, and the first in the western hemisphere in 1627, in Massachusetts, spreading as far south as Chile. One freak and unsolved feature of grip epidemics is that they travel east to west in a community.

The bureau of vital statistics in Philadelphia issued 650 burial permits during the three days, the majority of the deaths being due directly or indirectly to la grippe. This is more than double the ordinary death rate.

It is estimated that nearly 15,000 persons in Philadelphia alone are suffering with the disease. Attendance at all the public schools has been greatly reduced, and in several sections of the state schools and colleges have been forced to close.

Girls of Chicago have formed a club, and all have sworn to uphold this pledge:

"We, the undersigned members of the Anti-kissing club of Chicago, hereby promise to refrain from osculation until the present epidemic of influenza is declared at an end."

"We do not want it understood we are suffering a hardship," explained Louise Brennan, president, who is coy and demure. "We are merely campaigning for health."

What of the Husband?

"If a prospective husband doesn't think enough of his fiancée to forego kissing," ventured another member, "he should keep right on going. I think Dr. Robertson is entirely correct in advising against kissing, and we are willing to abide by the rules and do what we can to end the epidemic—of colds, not kissing."

The young women would not explain what will be the penalty if a member breaks her pledge.

"The punishment will not be suspension," said Miss Graef, "for that would mean too great a liberty for the member suspended. On the other hand, if a member is caught kissing she will not be permitted to withdraw from the club, but will be visited with a perfectly dreadful punishment."

Sues For Payment of Odd Bet.

Benjamin Heyer, a manufacturer of Newark, N. J., has begun suit to collect \$100, the amount of a bet with James De Jaime as to the number of persons who would pass a given point. Heyer alleged that he won the bet and that De Jaime refused to pay.

SCHOOL AT NEW SALEM BURNS UP

Continued from Page 1.

years ago when the building was completed. The insurance on the building of \$17,500 will just pay the balance due on the building, it was stated at the auditor's office. There was insurance of \$2,500 on the fixtures.

The building was one of the modern and up-to-date school houses which have been built in Rush county in the last few years. It was completed at a cost of approximately \$27,000 during the fall of 1912.

The township advisory board and trustee, then Edgar Morris, let the contract for the building on the afternoon of February 15, 1912, at the office of the law firm of Sparks & Gary. The general contract was awarded to James I. Barnes of Logansport for \$21,717. The heating plant contract was granted to W. H. Johnson & Son of Indianapolis for \$2,950. The plumbing contract amounted to about \$400. But before the building was completed, there were extras added to the structure which brought the total cost price to near \$27,000.

The school house was modern in every particular and adhered in every way to the state sanitary school house law. The building consisted of six class rooms and an auditorium. There were folding doors in the center of the auditorium so that it could be converted into two large class rooms if the center of the auditorium so that it could be converted into two large rooms if the school attendance ever became so large that extra class rooms would be necessary. The building was built of brick and was covered with the newest kind of roofing, a preparation of asbestos and cement, which was guaranteed to stand the worst kind of weather and to be water-proof and a non-conductor of lightning.

The erection of the new building at New Salem was the result of action taken by some residents of Noble township, who petitioned the state board of health for an order for a new structure on the theory that the old one was not a fit place for children to attend school.

Dr. J. N. Hart, secretary of the state board of health, visited Rushville during the winter of 1911-1912 and while here made a hurried trip to New Salem and inspected the old building. He pronounced it unsanitary after a brief examination and condemned it. It became necessary, therefore, for the township trustee and advisory board to take steps at once to erect a new building.

The township officials advertised for bids twice before the contract was awarded for the building which was destroyed last night. They first advertised for bids during the spring of 1911, but the estimates exceeded the appropriation of \$25,000 and the contract could not be let because it would have been unlawful.

The township officials considered the advisability of increasing the appropriation and awarded the contract anyway, but they found that the law fixed a limit of two per cent of the taxable property, which was \$1,300 more than the appropriation of \$25,000. The additional \$1,300 was not enough to let the contract on the first estimates. This caused delay in erecting the business. The plans were slightly altered so that the contract would not exceed \$25,000.

"TIZ"—A JOY TO SORE, TIRED FEET

Use "Tiz" for aching, burning, puffed-up feet and corns or callouses.

Good-bye, sore feet, burning feet, swollen feet, tender feet, tired feet.

Good-bye, corns, callouses, bunions and raw spots. No more shoe tightness, no more limping with pain or drawing up your face in agony. "Tiz" is magical, acts right off. "Tiz" draws out all the poisonous excretions which puff up the feet. Use "Tiz" and wear smaller shoes. Use "Tiz" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25-cent box of "Tiz" now at any druggist or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

DRESSES ARE RECOVERED

Two Stolen From Scudder's Porch Found in Lumber Yard.

The two valuable dresses which were taken from R. F. Scudder's porch on Christmas eve were found in J. P. Frazee's lumber yard Thursday afternoon. They had been removed from the boxes and wrapped in a bundle. They were found by accident. A dog was chasing a rabbit and workmen at the lumber yard joined in the chase. When the dog went under a pile of lumber after the rabbit, it dragged something out which proved to be the stolen dresses. They were delivered to the Scudder home from the Mauzy Company and left on the front porch because there was no one at home.

Kidney Trouble Lead To Terrible Torture

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swelling under the eyes or in the feet and ankles, nervousness, tired or worn-out or headachy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy, which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be surprised how entirely different you'll feel in a very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without beneficial results.

Solvax has been so uniformly successful that Johnson's Drug Store will in future sell it under a positive guarantee of relief or refund the money.

Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth, even just a little, see your dentist at once.

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today, or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Company 503 Union Central Building, Cincinnati, Ohio.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

MANY PHASES OF COUNTRY LIFE

Problems Are Discussed at Next to Last Day of Purdue Short Course by Experts.

FARMERS' WIVES ORGANIZE

Over Half of Rural Churches in Indiana Losing Ground, Says University Pastor at Meeting.

(Special to the Daily Republican.)

LaFayette, Ind., Jan. 14.—With a series of practical demonstrations

Treat Catarrh By Nature's Method

Every Breath of Hyomei Carries Healing Medicated Air to the Infected Membrane.

Nearly every one who has catarrh knows how foolish it is to try and cure it with sprays, lotions, and the like. Temporary relief may be given, but a cure seldom comes.

Until recently your physician would probably have said the only way to help catarrh would be to have a change of climate; but now with a simple preparation called Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day successfully treat yourself.

The complete Hyomei outfit is inexpensive and consists of an inhaler that can be carried in the vest pocket, a medicine dropper and a bottle of Hyomei. The inhaler lasts a life time, and if one bottle does not give permanent relief, an extra bottle of Hyomei can be obtained at any time for a trifling sum. It is more economical than all remedies advertised for the cure of catarrh, and is the only treatment known to us that follows nature in her method of treating disease of the respiratory organs.

Johnson's Drug Store has sold a great many Hyomei outfits, the more they sell, the more convinced they are that they are perfectly safe in guaranteeing to refund the money if Hyomei does not relieve.

MISS INNIS

332 N. Morgan Phone 1071

in all the important branches of farming in Indiana the fourteenth annual Farmers' Short Course at Purdue University will come to a close tomorrow. The popular assembly for Hoosier farmers and their families has been a great success. Twenty-five hundred of them will return home with a better understanding of modern farm methods and a determination to put into practice what they have learned at this big school this week. There has been plenty of instruction for men, women, boys and girls and all have shared the benefits.

The work today was unusually interesting dealing as it did with many different phases of the country life problem. In dairying some of the best-known experts of the middle west presented the result of their life's work for the benefit of Indiana dairymen. In horticulture various problems were discussed and answers given by learned authorities. In live stock breeding the farmers learned how to judge horses and feed all kinds of farm stock. In the crop and soil section the use of phosphate and manures was discussed and in poultry husbandry a judging demonstration was given.

One of the most interesting developments of the week is the movement, born at yesterday afternoon's meeting of the Indiana Home Economics association, an organization of farmers' wives and daughters, to establish a housekeeping experiment station at Purdue. It was also suggested that a model home be provided for the household economics department to teach the girls just how properly to take care for a home and manage it. The enterprising women at the head of this association are determined to make their project a success and will endeavor to enlist the support of the Purdue University authorities for their plan. The idea was first suggested by Mrs. Christine Fredericks of New York who maintains such an institution on Long Island. She spoke yesterday afternoon at the association meeting on this subject.

More than one-half the rural churches in Indiana are losing ground and one out of every eight has been abandoned. Scores of communities which had vigorous and fruitful churches 25 years ago now have neither Sunday school nor preaching services. Fully one-sixth of the townships in Indiana are without a resident minister and the average salary of rural ministers is less than \$600.

These are facts according to the Rev. Oakel F. Hall, University pastor at Purdue, who has made a careful investigation to ascertain the exact status of the country church of the present day. He discussed the situation before a large assemblage of Indiana farmers and their families attending the Short Course. The present state of affairs he attributed to several causes. One is the decrease in rural population. He presented statistics showing that Montgomery, Boone, Clinton, Tippecanoe counties have suffered a loss of 12 per cent in rural population since 1890. Only one township in the four counties shows a gain. This is Madison township, Clinton county.

Mr. Hall argued that fewer rural churches are actually needed. Better roads have enlarged neighborhood lines and modern conveyances have cut down distances. Impoverished social life, unbusinesslike management and lack of competent leadership were named as contributing causes to present conditions.

But the multiplications of denominations and excessive emphasis on creed and dogma were cited by Mr. Hall as the chief agencies which have brought rural churches to their present state. "Creeds and dogma in country churches," he said, "have led officers and leaders away from Christ. Hundreds of communities which ought to be working unitedly for better social conditions and purer and richer life here and now have been divided into competing camps, each trying to convince the other that 'ours is the only sure way to the Celestial City.'"

Mr. Hall would not eliminate denominations but he would unite and federate them. He favors community churches for rural districts. He believes that all the great problems of country life should receive the thought and attention that hitherto have been given to meaningless theorizing and fruitless debate and discussion.

RAILWAY MEN MAY REPLY WITH STRIKE

Notice is Served by Union That They Will Oppose Conscription in Great Britain.

IMMEDIATE STRIKE HINTED

(By United Press.)

London, Jan. 14.—The National Railway Men's union, one of the strongest labor organizations in Great Britain, today defied the government to enact the conscription bill.

In the most drastic resolution yet adopted by any labor today executive committee of the railway men declared their organization will resist conscription to the uttermost. They hinted at an immediate strike of all railway workers of Great Britain if the bill was passed.

GROCERIES

SATISFACTION GUARANTEED

All goods guaranteed to be as represented. If not satisfactory they may be returned. We want you to be satisfied in the fullest sense of the word. We cannot afford to sell you even one article that does not please after it has been taken out of our store. On any single sale our profit is small, it becomes great only when an army of satisfied customers are sending in their orders every few days.
